

According to Webster's dictionary, 'Great' means *large, big, preeminent, distinguished; of importance or consequence; of exceptional talents or achievements; famed, celebrated;* in other words, '**Georgina**'.

The Township of Georgina is all of that and much more and has to be listed as one of the top spots to be. There are the historical sites, quaint little Bed & Breakfasts, Sibbald's Point Provincial Park, the Briar's Resort - and the list goes on. Our very own great lake, Lake Simcoe, is home to some excellent summer boating and fishing as well as boasting the best winter ice fishing. During the winter we run the Georgina Winter Carnival. In the summer it's the Sutton Fair and Horse Show - which is planning a celebration of 150 years in 2005. It's an exquisite site.

Talent and entertainment is showcased in our township by way of the Pefferlaw Folk Festival, Queensville Players, Stephen Leacock Theatre and the Red Barn Theatre - Canada's oldest and most intimate theatre. Georgina is also quickly becoming a Hollywood north as we see more and more productions head up this way with such stars as Robert DeNiro and Nicole Kidman.

Come see for yourself and experience the greatness of Georgina all under one roof at the ***Georgina Home Show. May 2nd - 4th, 2003.***

Come out and visit our Chamber of Commerce for information and the promotion of local businesses. See all that you can see, and add '**Georgina**' to your dictionary. We offer uniqueness like no other!
